GeoCision Analysis

SSG utilizes our GeoCision analysis to score and rank more than 1,300 metro areas in 81 countries utilizing 10,000+ location variables.

Operation Cost Comparison

SSG will compare the operating costs to quantify the savings of each location based on labor, real estate, logistics and capital investment.

Site Selection Group is a leading location advisory, economic incentive and corporate real estate services firm providing solutions to corporations and communities across the world. We offer customers four core services, which include location advisory, economic incentive, corporate real estate and economic development consulting services. We apply our knowledge of global location trends to optimize your location decisions.
